## "I AM A STAR" STRENGTHS WORKSHOP

## EVERYONE IS DIFFERENT. DISCOVER YOUR UNIQUE STRENGTHS.

StrengthsAsia has been firing up people in Asia to do what they love and do best every day since 2011. We are a partner of The Gallup Organization in the advocacy and practice of strengths-based thinking, living and performance for Individuals and Organizations.

Many individuals and organizations have benefitted from our workshops to uncover their innate talents, build strengths and make transformational changes in their lives for greater personal, relational and business outcomes.

If we can discover what our strengths are, we will see ourselves differently, see our future differently, and others will see us differently.

We become more confident and empowered with ourselves; learn to work and play from the position of strengths and not weaknesses, cherish and invest more into our individual unique strengths. Knowing and harnessing our strengths enable us to achieve excellence in the things we do and live lives that are energized, fulfilling and fruitful.

StrengthsAsia has organised a series of programmes to help you discover and learn more about your unique Strengths.

More than 90% of our workshop participants said they gained more knowledge and confidence in their strengths and how they can focus on their strengths to do better in their work and life.
